

Activity Page

Here's how to make a noticeboard for hanging your photographs or drawings.

Bats Hangout!

YOU WILL NEED:

Six wooden clothes pegs
Six paper bats
Scissors
Black paint or marker
Large piece of Cardboard
2 metres of string
Tape or glue

1. Colour the wooden peg with the black paint or a marker and allow to dry.

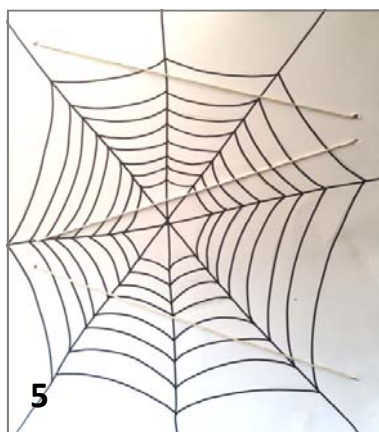

2. Print or trace the bat template above and cut out the shape. If there are any white edges, colour with a black marker.

3. Colour all six pegs and cut out the six paper bats.

4. Attach a paper bat to the top half of each peg, using tape or glue.

5. Draw a design on the cardboard (a spider's web, a haunted house, a pumpkin or whatever you fancy). Make holes as shown above and weave the thread through them and tie at the back. Peg on bats!
