

Nature's Noticeboard!

Spring 2017

Using a detailed map of Ireland, find the names of the rivers or canals that are beside the following cities and towns:

*Limerick
Mullingar
Carlow
Tullamore
Enniskillen
Coleraine*

The world's tallest tree is 115.72m height. To see what 115.72m looks like, have someone stand on one side of a large field and measure the distance out from that person.

As the weather warms up, lots of people are working in the garden. Remember to leave a few wildflowers growing in a corner of the garden. Bees love feeding on wildflowers, particularly dandelions.

Now that the days are getting longer and the weather is improving, get out and about and discover signs of spring, such as buds on trees, flowers blooming and birds nesting.

What else can you upcycle besides a cereal box to use for storage? Covering everything in the same coloured paper, or similar paper, will create a smart storage area.

Sherkin Island Marine Station would like to thank the following for their help with this newsletter: John Joyce, Michael Ludwig, Cormac McCarthy, Eimear Murphy, Keelin Murphy, Robbie Murphy, Manus Tiernan and Jez Wickens.
